

GILLCO INTERNATIONAL SCHOOL

CLASS – 6

HOLIDAY HOMEWORK

Dear Parent,

Greetings from Gillco International School! The much awaited summer vacation is knocking at the door!

The very thoughts of summer vacation include images of time for relaxation to escape the heat, pursuing of leisure activities and indulging in good quality time with friends and family. There are plenty of productive ways in which your ward can spend the vacation. This can be fun, relaxing and helpful for his/her education or career.

We wish to imbibe in our students the willingness to spend their summer vacation well; making optimum utilisation of time, following their heart's passion and also at the same time enhancing their academic knowledge

Some suggestions in this regard- →

- Let your ward EXPLORE and participate in the Wonder that is Nature. A walk on the Mall of a hill station does no harm, but let your child explore the wilderness and discover fauna and flora of the place you visit during the vacation. Let him/her fill with wonder for God's bounties bestowed on us.
- Let your ward DISCOVER different cultures, traditions, cuisines, local crafts, etc. of places that you visit during the vacation. Make your ward note down fine details. It will become a cherished document a few years down the line.
- Let your ward Expand Knowledge. Take advantage of your down time to open your mind to new knowledge and experiences. Encourage your ward to pursue new hobbies, play games, learn to play an instrument, try his/her hands at writing poetry or a blog, pick up some culinary skills, read newspapers and magazines to keep abreast with current happenings.
- Reading Makes a Full Man: Make a list of books for your ward and give him/her plenty of reading for the summer.
- Get your ward to spend some quality time with the extended family. Tell him/her the importance of relationships in life.
- Let your ward chalk out a timetable for his/her daily routine. Assist him/her and teach him/her to prioritise. Counsel him/her to devote some time to studies as well.
- The School has also devised Holiday Homework that is linked to the curriculum and is also creative. Do monitor the progress of your ward in completing the tasks given in various disciplines.
- We aim to directly involve parents in the emotional and psychological growth of their children so that they emerge as better human beings who are socially conscious towards their family, society and the planet.

We wish your ward a very rejuvenating vacation and seek your cooperation in all our endeavours as always.

Thank you

ENGLISH

Your holiday homework this year is a fun mix of all the aspects of the language. It has been designed to ensure that you enjoy and learn at the same time.

1. Make a folder using A4 size coloured sheets and present it beautifully.

1. Read J. K Rowling's famous book 'Harry Potter and the Philosopher's Stone'
2. Read any book from the Hardy Boys Series.
3. Collect information about the authors and write a short biography.

- Write a short summary of the story (150 words) and name the main characters.
- Choose 10 interesting adjectives from the book and find their dictionary meanings.
- Find one synonym and one antonym for all the 10 words.
- Make interesting sentences using the 10 words from the book.
- Present your work creatively.

❖ Remember, you will have Subject Enrichment based on the story and the incidents, so ensure that you read the entire text.

2. Make a book cover for the above book. Remember, a book cover has the name of the book, author, illustrator and an illustration.

❖ Use a thick A4 size sheet and be as creative as you can.

3. Make a bookmark. Decorate it and write an inspirational quotation by a well known poet or author. Laminate and present it beautifully.

HINDI

लिखित कार्य एक ब्रॉचर बुक में करें ।

SCIENCE

Students are required to make a working model on any one of the following topics:-

1. Food chain
2. Water filter
3. Formation of shadows
4. Balance of oxygen and carbon dioxide in air
5. Windmill
6. Reducing air pollution
7. Rainwater Harvesting
8. Water cycle
9. Electric circuits
10. Parts of a flower

- Collect information on water borne diseases. Mention different ways to overcome these diseases.
(Science Register)

Note: Suggested materials for the model should be recycled and inexpensive materials. Make best out of waste.

SOCIAL STUDIES

1. Study the weather report of the countries of Canada, India, Australia and Brazil for a week on internet and record your findings in the following table:

Country	Day of the year	Season	Temperature	Humidity	Remarks
India	01.02.18				
	02.02.18				
	03.02.18				

2. Write a short paragraph on your findings with regard to the weather of the above mentioned countries.

Material needed : Stick folder, loose sheets and information from the internet.
